# MESSAGE FROM THE MAYOR

**CR. RODGER SCHIRMER  
MAYOR**

Together with my Councillors, I'm pleased to present Lockhart Shire's Delivery Program for the 2017-2021 period and Operational Plan for the coming year, 2017-2018. Lockhart Shire Council's Delivery Program 2017-2021 and Operational Plan 2017-2018 is informed by extensive consultation with our communities through the development of the Lockhart Shire Community Strategic Plan 2017-2027.

The Lockhart Shire Community Strategic Plan 2017-2027 guided our ten-year resourcing strategy which addresses long term financial, asset management, and workforce management planning. The Delivery Program has been developed using the Integrated Planning and Reporting framework, reflecting Lockhart Shire Council's long-term planning. The Delivery Program identifies key strategies and actions to be undertaken by Council over the next four years, meeting the needs of the community as expressed in the Community Strategic Plan. The Operational Plan outlines the Council's operations for 2017-2018.

As an organisation, Lockhart Shire Council is committed to being responsive to the needs and expectations of our community. We continue to prioritise community engagement to involve our community in decision making. Customer service remains a key priority—our commitment to providing an effective, efficient and courteous customer service in accordance with Council values is stronger than ever.

The Delivery Program and Operational Plan builds on the legacy of the previous Council, and reflects some operational changes that will enable us to better serve our community as a standalone Council, including a stronger focus on increasing our own source revenue to an acceptable level together with a number of service reviews, continued involvement with membership groups and regional partners, and investigation of some shared administration arrangements.

We continue to invest in our assets and infrastructure and have resourced their maintenance, renewal, and capital works. Infrastructure priorities highlighted in the Delivery Program and Operational Plan include repair and maintenance work on the Lockhart and The Rock Swimming Pools, and investment in flood mitigation measures and road renewal.

We wish to position Lockhart Shire as a great place to live, work and visit, and our focus on economic and tourism development is continued and strengthened over the next four years.

The Delivery Program is not only our planning document for the current council term, but provides an instrument of public accountability and the basis for measuring our performance. Progress on the actions outlined in the Delivery Program and Operational Plan are reported to Council each six months as well as annually in the annual report. Council's Operational Plan Budget is reviewed on a quarterly basis.

# COUNCIL'S DIRECTION FOR THE TERM OF THE DELIVERY PROGRAM

The Delivery Program sets out what we will achieve over the next four years and how we will achieve it. This has been guided by what the community has told us and what their aspirations are for the next ten years. In preparing this Delivery Program and setting the agenda for Council for this four-year term, we acknowledge the Community Vision 2027 developed by the community and featured in the Community Strategic Plan:

## In 2027, we are:

- **Deeply connected to the land and proud of our independence;**
- **Dynamic, resilient, and have a strong sense of community;**
- **Passionate for innovation and diverse opportunities; and,**
- **Welcoming, vibrant, inclusive, accessible and value the rights of people equally.**

The identified projects and services in the Delivery Program focus on Lockhart Shire Council remaining as an independent Council while still providing a range of community services for the community and maintaining the community infrastructure.

We will deliver the key functions of Council, and continue to increase revenue through external contract work, gaining further efficiencies, and applying for a Special Rate Variation.

## **STRONG LEADERSHIP AND GOVERNANCE**

Lockhart Shire Council was recently deemed to be financially fit for the future as a stand-alone Council. To remain independent and sustainable into the future, Council must implement our Fit for the Future Improvement Plan and ensure we are continuing to achieve efficiencies in service delivery, as well as seeking ways to increase our own source revenue. This will include:

- Continuing to engage in external contract works;
- Resource sharing;
- Streamlining governance; and
- Undertaking service reviews by identifying efficiencies and savings in operations and delivery.

## **A CONNECTED AND RESILIENT COMMUNITY**

Lockhart Shire Council prides itself on being a connected community and we wish to continue to support communities in their events, sporting clubs and community organisations as best we can. These areas are important aspects of our community and we wish to ensure all people of the community are included and can access programs and projects throughout the Shire.

## **A DYNAMIC AND PROSPEROUS ECONOMY**

Building on the economy of our community and ensuring that the Shire is attractive and welcoming to businesses, industry, residents and visitors is a key goal for Council. This includes improving services and infrastructure that supports our rural businesses, as well as providing strong strategic direction for economic development and tourism initiatives.

## **AN ENVIRONMENT THAT IS RESPECTED AND PROTECTED**

The Rock Hill Nature Reserve and Galore Hill are two of Lockhart Shire's important natural assets and protecting those environments are important to our community. Advocating and supporting National Parks Wildlife Service is vital to the development of these two sites.

Council will also focus on how it can become more energy efficient over the next four years by assessing energy efficiencies in Council buildings and investigating the installation of energy efficient street lighting.

## **INFRASTRUCTURE FOR THE LONG-TERM NEEDS OF THE COMMUNITY**

Council understands the importance of making sure the assets and infrastructure are well planned and managed to meet the needs of the community, now and into the future. This includes our roads, sporting and recreation facilities, sustainable transport strategies and land availability. It is important for Council over the next four years to focus on;

- Preparing and implementing strategic replacement and upgrades for both The Rock Swimming Pool and Lockhart Swimming Pool;
- Preparing and implementing flood mitigation measures for Lockhart and The Rock; and
- Undertaking road repair works following the 2016 wet weather and flood events, as well as maintaining and repairing the road network.

The Delivery Program, as well as the Community Strategic Plan are developed in partnership with the community to assist Council in the delivery of its services and projects. Council are committed over the next term to deliver on these initiatives and actions outlined in the following program. We encourage you to read the program and support us in achieving these actions.

# SPECIAL RATE VARIATION

## **What is the Special Rate Variation?**

Council adopted a Council Improvement Action Plan (CIAP) as part of its submission to the Fit For the Future process.

A key action included in the CIAP was to make application to the Independent Pricing and Regulatory Tribunal (IPART) for a Special Rate Variation. A Special Rate Variation is an increase in rates above the rate peg set by the IPART each year. The application was for a 4.6% per annum increase for seven years (i.e. a cumulative increase of 37%) to enable Council to increase its own source revenue and fund community infrastructure including swimming pool refurbishments, flood mitigation works and road restoration.

IPART's Determination was published on 9 May 2017. IPART determined not to approve the application. The Determination can be viewed on IPART's website at <https://www.ipart.nsw.gov.au/Home/Industries/Local-Government/>.

IPART's decision means that Council can only increase its General Income in 2017/18 by no more than the rate peg of 1.5%. It also means that the projects that were proposed to be funded by the Special Rate Variation will need to be reviewed and/or re-scoped.

Accordingly the 2017/18 Draft Operational Plan Budget has been prepared on the basis of a 1.5% increase in General Income.

# ACHIEVEMENTS 2012 TO 2016

## **WE ARE A CONNECTED AND RESILIENT COMMUNITY**

- We expended \$1.4M over the term on maintenance and improvements of parks and reserves;
- We expended \$100k over the term on upgrading playground facilities;
- We made improvements to Galore Hill \$60k and The Rock Hill \$120k which included; new BBQ's, pathways, seating and bins;
- We have added \$1.5M annually to our local economy through support for events;
- We have increased youth activities for ages 12 – 15 years; and
- We have established a partnership with The Rock Central School to deliver Out of School hours care.

## **WE ARE A DYNAMIC AND PROSPEROUS ECONOMY**

- We expended \$400K during the term to improve footpaths and pedestrian access throughout our townships;
- We have expended an excess of \$20M on road replacement and upgrades over the last 4 years;
- Installation of new cabins and amenities block to enhance the facilities at Lockhart Caravan Park;
- Installation of RV dump point at The Rock Recreation Ground to cater for tourists; and
- New toilet blocks at Lockhart and The Rock.

## **WE RESPECT AND PROTECT OUR ENVIRONMENT**

- We have established Landcare groups and The Rock Hill Focus Group;
- We engaged Lockhart Central School in tree planting activities;

## **WE PROVIDE INFRASTRUCTURE FOR THE LONG-TERM NEEDS OF THE COMMUNITY**

- We expended \$900K over the term for improvements to recreation facilities;
- We are engaging the community to refurbish The Rock and Lockhart swimming pools;
- We have completed flood studies and flood risk management and design; and
- We have upgraded town signage including, historical, tourism and town entrance signs.

## **WE PROVIDE STRONG LEADERSHIP AND SERVICES FOR OUR COMMUNITY**

- We have engaged the community on future decisions; Fit for the Future;
- We have continued to produce monthly newsletters to all residents in the Shire;

# PRODUCTIVITY IMPROVEMENTS AND COST CONTAINMENT STRATEGIES

Council is committed to achieving productivity improvements and cost containment strategies that support the efficient delivery of Council's services.

## **PAST TWO YEARS**

Over the last few years Council has achieved the following savings and productivity efficiencies:

- Resource sharing; sharing resources with other Councils (staff and services), as well as Section 355 committees has contributed to \$776,200 savings per annum to Council;
- Streamlining of Governance, including organisation restructure has saved \$30,000 per annum;
- Service Reviews have improved own source revenue by \$350,000 of savings per annum; and
- Purchase of additional road surfacing equipment is estimated to save \$170,000 per annum through efficiencies.

## **TERM OF THE DELIVERY PROGRAM (4 YEARS) AND THE PROPOSED SRV (TEN YEARS)**

Council will continue to implement strategies that contribute to cost savings and productivity improvements over the next four years, these include but not limited to:

- Shared administration with neighbouring Councils is estimated to save Council \$72,000 per annum through staff and building costs;
- Continuing to streamline governance, planning, regulation and reporting should result in \$30,000 per annum in productivity improvements;
- Ongoing service reviews to ensure savings and productivity improvements are recognised; including waste management sub regional contract, asset management review, solar power use and external contracting. Expected cost containment of \$35,000 per annum plus \$57,500 as a one-off saving during the SRV period. An additional \$350,000 of own source revenue generation expected; and
- Implementing initiatives through member organisations such as REROC (energy audits, energy efficient project, community recycling centres and the street lighting project) resulting in increased environmental and cost containment benefits.

# FINANCIAL ESTIMATES – BASELINE SCENARIO

The Baseline Scenario is Council’s conservative financial path and the path that Council will follow if its application for a Special Rate Variation is not approved by IPART.

Scenario	Total project cost (\$000s)	What is included (\$000s)			Funding strategy (where will the money come from?) (\$000s)				
		Pools	Flood Mitigation	Roads	Council Reserves	TCorp Loan	General funds (rates)	Grant BBRF	Grant OEH
Baseline	\$4,330	\$2,000	\$2,330	\$0	\$1,593	\$740	\$0	\$0	\$1,997

## PLANNING ASSUMPTIONS – BASELINE SCENARIO

The following assumptions have been made to prepare the Base Case of Council’s Long Term Financial Plan (LTFP)

Operating Revenue:

- Rate peg for 2017/18 of 1.5%, with the following years’ being 2.5%.
- Annual Fees & Charges to increase between 2.5% and 3% over the 10 years on average.
- Financial Assistance Grants to be indexed 1.5% over next 10 years.
- All other recurrent grants continue to be received and increasing on average by 1.5% annually.

Operating Expenditure:

- Wages and salaries, including on-costs to increase annually by 3.5%.
- Borrowing costs of 3%, due to being deemed Fit for the Future resulting in being able to access loans through TCorp.
- Materials and contracts to increase on average by 2%.
- Depreciation has been forecast to increase by 2.5%, in line with new capital additions each year.
- Insurance premiums forecast to increase by 4.5%.
- Electricity costs are predicted to increase by 7%.
- Other operating expenses to increase at 2% per annum.

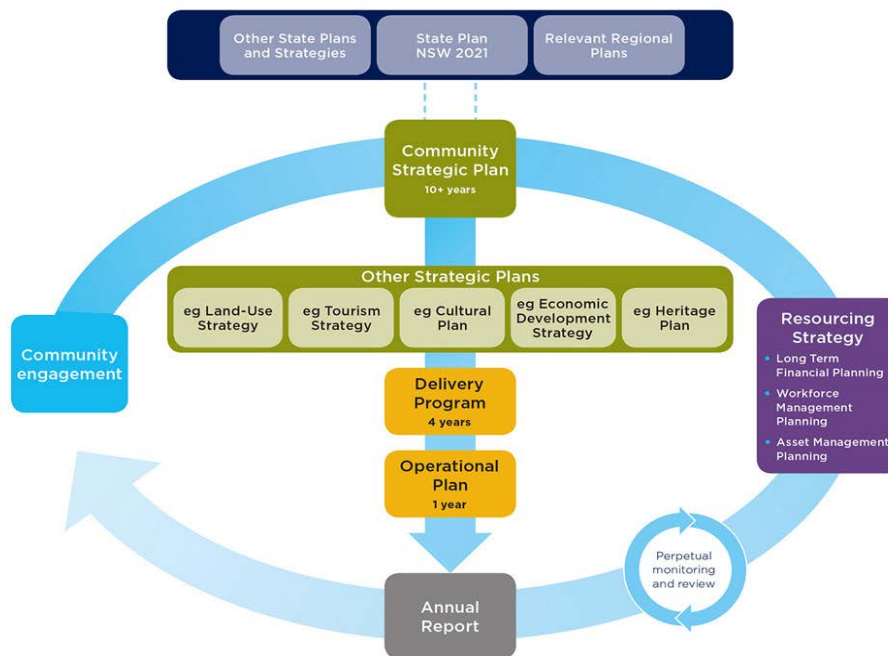

## SENSITIVITY ANALYSIS – BASELINE SCENARIO

Highlights factors/assumptions most likely to affect the LTFP:

- Financial Assistance Grants being indexed.
- Local Government Award negotiations taking place.
- Continue receiving current recurrent grants, i.e. RMS Block Grant and Roads to Recovery funding.

# OUR PLANNING FRAMEWORK

Our planning framework is guided by the NSW Government Integrated Planning and Reporting (IP&R) legislation and framework. In undertaking long-term planning, we recognise that people across our community share similar aspirations and our people hold the key to how we should best respond to these aspirations. Our planning framework allows us to draw various plans together, understand how they relate and get the maximum benefit by collectively planning for the future.

## GUIDING PRINCIPLES

Lockhart Shire acknowledges and reflects the NSW Government's social justice principles in its planning process.

- Equity – there should be fairness in decision making, and prioritising and allocation of resources, particularly for those in need. Everyone should have a fair opportunity to participate in the future of the community. The planning process should take particular care to involve and protect the interests of people in vulnerable circumstances;
- Access – all people should have fair access to services, resources and opportunities to improve their quality of life;
- Participation – everyone should have the maximum opportunity to genuinely participate in decisions which affect their lives;
- Rights – equal rights should be established and promoted, with opportunities provided for people from diverse linguistic, cultural and religious backgrounds to participate in community life.

Further to the NSW Government's social justice principles, the Lockhart Shire uses the following principles throughout the Community Strategic Plan to guide planning and implementation activities.

We, the Lockhart Shire community:

- Understand and build on the community's strengths and assets;
- Are a supportive community who care for each other in times of need, and provide good access to services;
- Equally value the rights and contributions of all our people;
- Recognise the potential of human diversity as a source of vibrancy, creativity and growth; and
- Collaborate to create shared vision, ownership, responsibility and action.

# HOW WAS OUR DELIVERY PROGRAM DEVELOPED?

The Delivery Program was developed through the Integrated Planning and Reporting Process.

Our Community Strategic Plan was developed by engaging and listening to our community. The goal was to gain input from as many of our residents as possible, and to uncover aspirations and priorities for the future.

The community engagement process invited residents to participate using several medians of communication including advertisements in the Lockhart Community Newsletter, media releases, distribution of over 200 posters throughout the community, direct mail and email (invitations), and social media posts.

The community engagement occurred during October and November 2016 and consisted of five community meetings, two sessions with people with disability, their families, carers and service providers, five sessions with school children at three schools, and one community-wide survey. A total of 245 people from the community participated in the community engagement activities.

Council assessed the Community Strategic Plan to understand Council's responsibility for delivery.

A Resourcing Strategy was developed to clearly understand Council's resource availability over the Council term. The Delivery Program was created to highlight the strategies and actions that Council will deliver of the next four years.

The Operational Plan relates to individual activities, projects and plans that will be undertaken each year to support the achievement of commitments made in the Delivery Program and Community Strategic Plan.

# HOW TO READ THIS PROGRAM

Our key directions are the broad themes that represent the community with reference to the IP&R requirement to address triple bottom line objectives. The Community Strategic Plan and Delivery Program are presented in five key directions.

- A connected and resilient community
- A dynamic and prosperous economy
- An environment that is respected and protected
- Infrastructure for the long term needs of the community
- Strong leadership and governance

There are 14 objectives sitting under the five key directions. Our objectives have been worded in 'outcome-driven language' in response to what the community told us they would like. We have called the objectives 'What our community would like'. The objectives have a long-term focus and represent the highest-level achievements over the ten-year Community Strategic Plan.

Strategies have been developed to understand how we, as a community, will achieve our objectives. The strategies also have a long-term focus across the ten-year Community Strategic Plan. We have titled the strategies 'How will we get there?'

There are items in the Community Strategic Plan in which Council has a lead or supporting role. The Delivery Program takes the ten-year objectives and strategies, highlights Council's role, and outlines what Council will do under each strategy over the four-year Council term. The actions will drive the activity of Council over the next four years.

## **DISABILITY INCLUSION ACTION PLAN**

Strategies and actions for the Disability Inclusion Action Plan (DIAP) are highlighted with a blue asterisk. A note will feature in the action, relating to the relevant DIAP key focus area.

# OBJECTIVES AT A GLANCE

# RELATED PLANS AND STRATEGIES

In the development of the Community Strategic Plan, State and Local strategies, plans and studies have been researched to ensure a comprehensive plan is developed for the Lockhart Shire Council and the community. The following documents were considered as part of the planning process:

## STATE GOVERNMENT PLANS

- **NSW State Plan 2021**; a plan to guide policy and budget decision making to rebuild the economy, provide quality services, renovate infrastructure, restore government accountability and strengthen our local environment and communities.
- **Disability Inclusion Action 2014 (NSW)**: provides a legislative framework to guide state and local government disability inclusion and access planning.
- **Economic Development Strategy for Regional NSW 2015**; a plan to promote key regional sectors, drive regional employment and business growth, invest in infrastructure, maximise government efficiency and improve information sharing.
- **Towards 2030**: Planning for our changing population; addressing demographic changes leading up to 2030, planning for change, improving prevention and early intervention, a productive, skilled and adaptable workforce and facilitating participation in all areas of society.
- **NSW Ageing Strategy 2016-2020**; a plan to respond to the opportunities and challenges of the State's ageing population.
- **NSW Transport Strategy 2012**; a plan to guide transport funding priorities over the next 20 years by providing the overall framework of how the transport system develops.

## REGIONAL PLANS

- **Draft Riverina-Murray Regional Plan 2016**; a plan to support productive agriculture, improve regional transport networks, strong regional cities and protecting the environment.
- **RDA Riverina Regional Action Plan**, a road map for the future development of the Riverina region and describes the region, its attributes, industry and employment base and key advantages.
- **REROC Regional Transport Plan**; identifying issues and opportunities to better support the delivery of freight solutions in regional areas.

## **LOCKHART SHIRE COUNCIL PLANS**

- **Lockhart Shire Council, Community Strategic Plan;** a plan with a ten-year vision which identifies the main priorities and aspirations for the future of the Lockhart Shire local government area.
- **Lockhart Shire Council, Disability Inclusion Action Plan;** a plan to achieve the principles of the UN Convention on the Rights of Persons with Disabilities and to ensure the equal rights and opportunities for all persons with disability are protected and promoted.
- **Lockhart Shire Council, Resourcing Strategy;** a strategy which outlines the resources required for Council to deliver its part of the Community Strategic Plan. Includes the Long Term Financial Plan, Workforce Management Strategy and Asset Management Plan.
- **Lockhart Shire Council, Tourism and Economic Development Strategy;** a plan to develop a strong and resilient economic community, attracting and retaining businesses and residents, planning for the future, a great place to live, work and visit and infrastructure that supports our economy and community.

# ACKNOWLEDGEMENTS

We wish to acknowledge:

- Wiradjuri people as the Traditional Owners of the country within the council's boundaries. Today they remain the custodians of the cultural heritage of this land. Our community acknowledges that many Aboriginal and Torres Strait Islander people have lived, worked and contributed to the cultural heritage of Lockhart Shire.
- The people of Lockhart Shire who contributed their time, thoughts and ideas to the creation of the Community Vision.
