- Australian Accounting Standard AASB10 consolidated financial statements (AASB10)
- Local Government Act 1993
- Local Government (General) Regulation 2005
- Council Code of Conduct Policy.

### 4. POLICY STATEMENT

Council is committed to responsible corporate governance, including compliance with laws and regulations governing related party transactions.

Related Party relationships are a normal feature of commerce and business. For example, entities frequently carry on parts of their activities through subsidiaries, joint ventures and associates. In those circumstances, there is the possibility of the entity having the ability to affect the financial and operating policies of Council through the presence of control, joint control or significant influence.

A Related Party relationship could influence the normal business operations of Council even if Related Party Transactions do not occur. The mere existence of the relationship may be sufficient to affect the transactions of the Council with other parties. Alternatively, one party may refrain from trading with Council because of the significant influence of another—for example, a local supplier may be instructed by its parent not to engage in supplying goods to Council.

For these reasons, knowledge of Council's transactions and outstanding balances (including commitments and relationships with Related Parties) may affect assessments of Council's operations.

AASB 124 provides that Council must disclose all material and significant Related Party Transactions and outstanding balances, including commitments, in its Annual Financial Statements. Generally, disclosure will only be made where a transaction has occurred between Council and a related party of Council. In addition the transaction must be material in nature or size, when considered individually or collectively.

When assessing whether such transactions are significant the following factors will be taken into consideration:

- significance in terms of size;
- was it carried out on non-market terms;
- is it outside normal day-to-day council operations;
- was it subject to council approval;
- did it provide a financial benefit not available to the general public;
- was the transaction likely to influence decisions of users of the Annual Financial Statements.
